The Strength of Steel;
The Flexibility of Wood,
Together in a Hybrid
Design...

... For a Building That Will
Last a Lifetime

Steel Super Structure -
With the ability to clear
span up to 200' and the
reputation of withstanding
a tornado, the Perka
Hybrid Building gives you
the **STRENGTH** you need.

Wood Purlins & Girts -
We span the area from
frame to frame with wood
on 24" centers creating a
full structure that fastens
together tighter than any
all steel building.

The Premier
Prefabricated

Wood/Steel Hybrid Building in the World!

Every Frame is:
Engineer Certified
with a **50 year Warranty**

- ◆ Pre-Welded Clips
- ◆ Nothing goes in the ground to be eaten or rot
- ◆ Wood is easier to work with -
 - ◆ Door & Window Installation
 - ◆ Easy to Finish on Inside with 24" Centers
- ◆ Fully Customizable
